

GM Motors NY Website Summary

Homepage

The homepage should have a premium, modern feel similar to high-end Sprinter and luxury vehicle websites, with a light theme and updated branding/logo.

Homepage Sections:

- Hero vehicle section featuring a current inventory vehicle
- We Deliver Nationwide messaging prominently displayed
- Trade / Sell Your Vehicle section with a simplified lead form (not the standard website form)
- Featured Inventory carousel
- About GM Motors NY section
- Instagram feed integration
- Google Reviews section for social proof
- Clear calls-to-action throughout for Browse Inventory, Trade/Sell, and Financing

Inventory Listing Page

Reference: Aston Martin Washington DC Used Inventory

Key Features:

- Search and filter options positioned at the top of the page
- Clean inventory grid with large vehicle photos
- Finance button instead of displaying payment calculations
- Quick action buttons on each vehicle:
 - View Photos
 - Schedule Test Drive
 - Apply for Financing
 - Send to Phone
- Modern card layout focused on vehicle imagery and usability

Vehicle Detail Page (VDP)

Reference: MileOne Auto Group Luxury Vehicle Detail Pages

Primary Goals:

- Large hero image gallery with vehicle photography as the focal point
- Clean, premium layout with minimal distractions
- Vehicle title, price, mileage, and key specifications immediately visible above the fold
- Sticky lead form and CTA section that remains accessible while scrolling
- Prominent action buttons:
 - Get Today's Price
 - Schedule Test Drive
 - Apply for Financing
 - Value Your Trade
 - Send to Phone
- Vehicle highlights section showcasing notable options and features
- Detailed specifications organized into easy-to-scan categories
- Vehicle history and condition information when available
- Financing and trade-in messaging integrated throughout the page
- Related vehicle recommendations at the bottom of the page to keep users shopping

Design Direction:

- Luxury dealership feel similar to MileOne's exotic and high-line inventory pages

- Strong emphasis on photography over text
- Mobile-first experience with clear conversion points
- Modern information hierarchy that makes key vehicle details easy to find
- High-end presentation that reinforces trust and vehicle quality

Design Notes

- Light-themed design
- Updated logo and branding
- Multiple accent color options to review during design phase
- Focus on premium presentation while maintaining a straightforward user experience
- Strong emphasis on vehicle imagery, trade-in opportunities, and lead generation throughout the site
